TCU Cable FLX2.53

FLX2.53 F-Port connector to ZF 6HP Bosch Cable in BENCH MODE CONNECTION

SKU Code: FLX2.53

This Cable allows to interface ZF 6HP Bosch with FlexBox. As shown in the technical design section (Fig.1), it is necessary to connect to the FlexBox F-Port. The goal of the FLX2.53 Cable is to obtain:

- A secure connection mode
- A faster communication speed between TCU and FLEX
- A faster connection between TCU and FlexBox
- A minimal error risk during connection

TCU Compatibility:

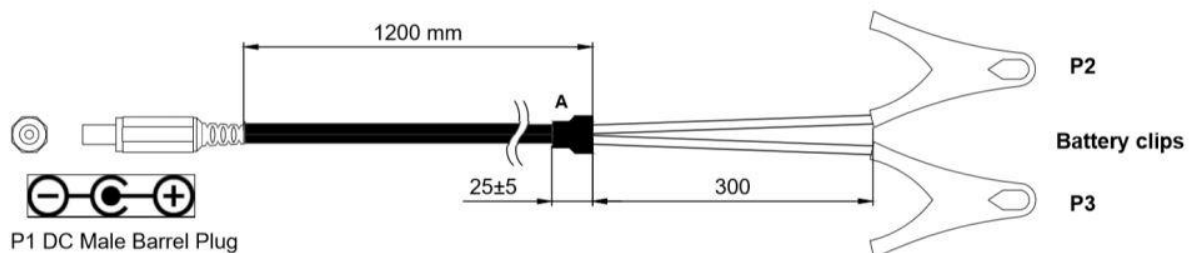

- ZF 6HP Bosch

Brand and Model:

- Aston Martin
- Audi
- BMW
- Jaguar
- Hyundai
- Bentley
- Ford
- Kia
- Land Rover
- Maserati
- Morgan

Additional Accessories;

FLX2.45

Correct disposal:

Waste electrical and electronic equipment is waste of a particular type consisting of many electrical or electronic equipment that the owner intends to discard as it is defective, unused or obsolete and therefore destined to be abandoned.
